

Trainer Experience Form

The purpose of this form is to document any experience relevant to deliver QQI Accredited training on behalf of CRAOL in the absence of a formal training qualification such as QQI Level 6 Component Certificate in Train the Trainer.

Suitable experience will allow a person to register as a trainer (providing all other stated requirements are met).

Based on the evidence provided, CRAOL may allow registration on either a provisional basis pending their achieving a training qualification, or grant full trainer status. Both provisionally and fully registered trainers will be able to offer accredited training.

A follow up communication from CRAOL may be necessary for clarification purposes.
